## TOWNSHIP MAKES POINT

### Freeway Completion On Top Priority For Alameda County

**Broun Tells Committee We Must Know Route, State Must Buy Land**

By STUART NIXON

Hopes rose with the thermometer this week for early completion of the Eastshore Freeway through Washington Township.

At a meeting of the Alameda County Highway Advisory Committee in Oakland last Wednesday, local representatives were assured the county's top officials considered the job the Number One priority hereabouts.

"We want a first-class city here in Oakland," grumbled one committee member. "Yet we still have a two-lane road to San Jose."

Both Supervisor Harry Bartell, chairman of the committee whose recommendations carry greatest weight with the State Highway Commission, and Commission Secretary William Sparlin, declared they will press for early completion of the 14-mile "last link" between Mt. Eden and Warm Springs.

LeRoy Broun, of Centerville, member of a Township Chamber of Commerce Committee to pursue the project, warned:

"We want to be sure rights-of-way are purchased this year. A little while ago, the State could have bought land here for \$800 an acre that owners now ask \$3000 for."

Broun also stressed the Township "needs to know where the Freeway is going" in order to make plans for orderly growth. Then, said he, "we're prepared to sweat out the trucks and beat-up roads."

He was assured by County Engineer Wallace Boggs that:

1. Adoption of the official Freeway route is now being considered by his office. It was delivered to him about a week ago, he disclosed, by State engineers. And Boggs said it would be submitted to the Supervisors, possibly next week.

2. The State "is now awake" and is purchasing options at the vital interchanges along the 14-mile route.

Completion of the Freeway has been on the committee's "A" priority list for several years. These years saw the Freeway stretched almost from the Contra Costa line to Jackson Street.

Other "A" priorities include (1) completion of portions of the Freeway in Oakland, between its present terminus and the Bay Bridge, (2) another crossing for the Alameda Estuary, (3) completion of the Mountain Boulevard freeway, and (4) completion of the Castro Valley-Dublin route.

It is up to the Highway Commission to decide how State tax funds will be allocated, but they normally spread them between the top priority projects listed by the advisory committee.

Some disagreement arose when (Continued on Page 5)

### BIG PARADE SET FOR SUNDAY AT ALAMEDA CO. FAIR

PLEASANTON — One of the most colorful parades ever staged in Northern California will mark the mid-way point of the 14-day Alameda County Fair here Sunday, June 27.

Fortified by diverse entries from throughout the State, the historic promenade will start at 12:30 p.m. in downtown Pleasanton and will help signalize the 101st birthday of Alameda County, according to Pleasanton Mayor James Trimmingham, parade committee chairman.

More than 2000 individuals will enact roles in the parade, an all-time record, Mayor Trimmingham said.

Drill teams and beautiful floats will dominate the long procession expected to attract more than 25,000 visitors to Pleasanton. Other divisions will include: drum and bugle corps, costumed marching groups, civilian and military bands, senior and junior majorettes, fraternal organization floats, civic and service club floats, commercial floats, comic and novelty entries, historical entries, mounted groups, individual parade horses, matched pair parade horses, and sheriff's posses.

More than \$1500 in cash and trophy stakes will be awarded to the participants.

Following the parade, Fair activities will resume at the Fairgrounds at 2:15 p.m., when more than 1200 Boys' Club members from San Francisco, Alameda and Contra Costa Counties will engage in a recreational program of 22 events in front of the main grandstand.

Ira Blue will act as master of ceremonies for the event billed as the Northern California Boys' Club Activities Conference.

The Fair will continue through Sunday, July 4, and will wind-up with "name" entertainment featuring the Hoosier Hot Shots, Nick Lucas and a mammoth fireworks display. All events will be free of charge.

Included among the entries are: IRVINGTON — VFW and Auxiliary color guard.

NEWARK — LaVerne Solito, parade horses; John Pine, parade horses; Judy Martin, parade pony.

MISSION SAN JOSE — Chamber of Commerce historic float.

QUEEN — Beverly Slater, First Honored Queen of Washington Township Bethel of Job's Daughters. Installation ceremonies were last Monday

### 4 Firms Sponsor 'Niles Day' Races

Four Niles firms will sponsor horse races Monday, when Niles Day becomes a feature of the Alameda County Fair at Pleasanton.

According to a chamber of commerce committee in charge of the affair, the sponsors are:

International Kitchen, Niles Electric Co., Peerless Grill, and Niles Garden Basket. A local girl will decorate the winners of the various bangtail contests.

### Newark School Tax Vote July 20 New Families Welcomed to Township

The Board of Trustees of the Newark School District has called a tax increase for July 20. The proposal is to increase the tax limit from 90c to \$1.20.

The increase is necessary to provide school services for the increased school enrollment, according to Supt. Jack MacGregor. School has increased from an average attendance of 499 students in May of 1953 to an average 749 in May of 1954. The present enrollment of June 14 is 819.

The present growth makes necessary an increase in funds for operation and maintenance of the school, MacGregor points out. A greater need will be felt during the next school year when the new intermediate school will be finished, necessitating an increased teaching staff and further operational expenses.

"The present buses are inadequate," and the old 1943 bus will have to be replaced as it is worn out. This cannot be replaced without a tax increase, as there are no funds available for this purpose. Bus service will be drastically reduced should no replacement be

available," the educator stresses. The current music program which is both instrumental and vocal will have to be curtailed without additional financial help.

The present lunch room program will have to be modified or abandoned due to lack of funds, should this tax increase election not carry. At present approximately 200 children are eating lunch in the cafeteria. During the winter months over 400 students bought a complete lunch at school for 20c daily.

"Newark has a fine school plant, and the voters have approved the construction of a second school which will be ready for occupancy by Easter. A tax increase at this time is necessary to operate both schools," MacGregor concludes.

### FREEWAY REPORT AT IRVINGTON C.C.

Jerry O'Shea, traffic engineer of Division of Highways showed the map of the proposed Freeway from Jackson street in Hayward to Warm Springs Junction to the Irvington Chamber of Commerce Tuesday. He said the Junction freeway opening would be July 2. At present according to the count of traffic through the Irvington district on Highway 17 there are 9100 trucks and automobiles passing through and it will be about 15,000 daily when a new count will be taken in July. He also showed a traffic map of the Irvington area with all accident reports and other phases of traffic. He also stressed that traffic signals slow down traffic but do not lower the accident rates.

The first of the freeway from Jackson Street to Beard road comprising 5.6 miles will be started in 1956 and the other 9 miles from Beard road to Warm Springs in 1957. The cost will be about \$1,000,000 per mile. The financial picture could be changed he pointed out due to more tax money and lowering of construction costs, whereby the dates of starting could be sooner.

The vehicle population of Alameda County is 6,000,000 at present and ranks second in the state. Forty-five percent of gas tax money comes to Northern California while 55 percent goes to Southern California. Highway 17 would revert to Alameda County after completion of Freeway.

Discussion also centered on a new flag for the town. Dr. E. M. Grimmer, the chamber's first president 41 years ago, donated \$50 towards its purchase.

Wallace Pond reported on last week's Irvington zoning meeting held in Oakland.

### Centerville National Guard Battery Arrives At Camp Hunter Liggett

(Special to Washington Township Newspapers)

CAMP HUNTER LIGGETT — Seventy National Guardsmen from Washington Township ate dust and sweltered in the rugged Coast Ranges west of King City today as they prepared to welcome Governor Goodwin Knight and a host of dignitaries to their annual summer training camp.

The trainees, members of C Battery, 629th Field Artillery Battalion, left Centerville Armory in the pre-dawn hours Saturday and arrived at this huge Army reservation in about five hours, driving their trucks and jeeps.

They started at once to build camp in their combat-team bivouac area. There was food to cook, gravel to haul, and the thousand-and-one "details" that Army men — even part-time GIs — must attend to to make themselves comfortable. Some of the heavy work however already had been accomplished by an advance party which left three days earlier and which included Pvt. Gerald Wiltz, Pfc. Joe Wiltz, Pfc. Carl O'Bryant, and Pvt. Albert Hernandez.

Next Saturday, the local unit will join with the rest of the 10,000-man 49th "Argonaut" Division to parade for Gov. Knight and — more personally — for scores of Township parents, relatives and friends who are expected to be on hand to watch C Battery on parade. One guest, Manuel Hidalgo, president of the Washington Township Chamber of Commerce, is slated to fly to the ceremonies from Centerville in a Guard plane furnished by C Battery.

Special leave was granted 14 Washington Hi seniors to stay at home until Sunday afternoon to attend their graduation. They were: Pfc. Donald A. Dias, Allan Olk, Millard J. Sanford, Carl F. Von Erw Jr., and Pfc. Gary Allegre, Laurence A. Garcia, Clyde G. Marks, Vernon L. Roberts, Ray A. Ruiz, Joseph A. Abreu, Kenneth R. Crosby, Scotty Haynes, Leon Mings and Donald L. Cameron.

One Guardsman from Mission San Jose, who belongs to a Military Police unit in San Jose, was flown home specially by the C Battery officers to be able to attend graduation. He is Pvt. DeWayne Hill, who had to assist in the movement to camp with his company. Hill was landed at Centerville Field by Lt. R. B. Shortridge, then joined the 14 artillerymen for the truck ride south on Sunday night.

### WE WUZ ROBBED!

You take Dick Tracy, we'll take Detective Henry Vervais and Deputy Sheriff J. K. Spence any day.

When Jean Runnels, secretary for the Register, came to work Monday morning, she looked in the same place as usual for the petty cash box and found that it wasn't there. After much searching, to no avail, the sheriff's office was called, and two hours later they had their man.

James Harold Cecil, 18, of Torrance, California, admitted that he had taken the box, pried it open, removed its contents, which were small, and thrown the box in a garbage heap.

Cecil was brought before Judge E. A. Quaresma's court Tuesday. He asked for a Public Defender and was released to the Sheriff's Office until next Tuesday when his case will come up.

Our thanks again to our efficient public servants and a warning that crime doesn't pay.

the annual artillery tests next week, to be conducted under the eye of Regular Army inspectors. These will feature firing of the battery's 105-millimeter howitzers.

Enthusiasm traditionally runs high, as C Battery competes against the other two howitzer batteries of the 629th Battalion — and against the rest of the Division's artillery for high-point honors.

"We'll make it," predicted Capt. Joe Beaudin, battery commander.

### 'Checkers', Take Note, Niles Gift A-Comin'

Niles sent a famous California product last week to a famous Californian.

The California Nursery here shipped several small sequoia giganteas, trees which grow to be the oldest and largest on earth, to Vice President Richard Nixon at his home outside Washington, D.C.

George Roeding Jr., owner of the local nursery, said the sequoias were ordered by Congressman Phillips, of San Bernardino as a gift for the vice president.

Roeding recalled one occasion when the nursery shipped 100 sequoias to President Franklin D. Roosevelt at Hyde Park. The local firm is one of the foremost shippers of the famous treelets.

### ANTI-LOITERING LAW EXPLAINED

Frank Martin represented the students of the Washington Union High School at a meeting in Hayward on June 16 when Mr. Laurence Dayton, assistant district attorney interpreted the proposed anti-loitering ordinance to student and faculty representatives of the high schools in Southern Alameda County. The meeting was held in the office of the Council of Southern Alameda County Communities, 414 Foothill Blvd.

In addition to representatives from the high schools, others in attendance represented the Camp Fire Girls, Boy Scouts, Girl Scouts and other youth serving organizations. Mrs. G. E. Scammon and Mrs. Fred Kuhne represented the Irvington Youth Center, and the Twin Valley Boy Scouts were represented by Rev. Arthur Freeman. Rev. Freeman is on the Board of Directors of the Council of Southern Alameda County Communities and is chairman of one of the council divisions which arranged the meeting.

The meeting was held for the purpose of explaining the ordinance to the high school students so they might properly interpret it to their parents and to other young people. Mr. Dayton explained that the ordinance is not a curfew law as so many people think, therefore it does not limit proper and legitimate activities of young people after night. Instead, it will control loitering after 10 o'clock on the streets or in public places of persons under eighteen years of age.

## Barbara DeBorba Weds Roger L. Harrison

On June 20, Barbara Jean DeBorba of Centerville became the bride of Roger L. Harrison of Berkeley.

The ceremony took place in Berkeley.

The bride, daughter of Dr. and Mrs. Frank DeBorba of Centerville, chose an ankle length white lace and nylon tulle dress. She wore a lace cap with a short veil and carried a bouquet of white orchids.

Her sister-in-law, Mrs. Gilbert DeBorba, wore an ankle length blue lace and nylon tulle dress and carried a bouquet of white carnations.

Mrs. DeBorba wore a dusty rose lace dress while Mrs. Harrison chose a blue silk print.

Only the immediate family was present at the ceremony. Terry Harrison served as best man for his brother.

The bride received her degree from the University of California in June, 1953. She was a member of Zeta Tau Alpha sorority. She has been teaching at Niles Elementary School this past year. Roger, son of Mr. and Mrs. Woodford Harrison of Berkeley, graduated from Dartmouth College and is now studying for his Ph.D in Psychology at the University of California. He is also a teaching assistant in Psychology at the University.

After a honeymoon in Lake Tahoe the couple will return to live in Berkeley. While Roger completes his studies, Barbara will teach school in Lafayette.

## NILES MAN USES 9-INCH 'BAIT' TO LAND BIG TROUT

John Pihl, plant manager for American Forge Co., Niles, had a big fish and a fish story to match it after a recent angling trip to Oregon.

Pihl, using a 4 1/2-ounce bamboo rod, landed a 13-pound Dolly Varden trout after the monster gulped down a 9 1/2-inch Rainbow Pihl had hooked on a wet fly.

According to the local man, he was fishing on the Mackenzie River, in Eastern Oregon, when the unusual incident took place. He says cases of giant trout gobbling smaller fish are not unknown, but that fishermen usually fail to land the big 'un because they don't give him time to swallow the "bait" completely.

"This happened to me once," says Pihl. "So this time I was ready. When the Dolly came up behind the Rainbow and turned it around to swallow it head-first, I just stripped out lots of line.

"It took me 2 hours and 15 minutes to bring the Dolly to gaff. The secretary of the local fishing association was along, and he timed me and later weighed the 13-pounder on his own scales. So I don't expect any arguments."

Pihl used a 6-pound test leader for the feat. He is a regular visitor to the Mackenzie, famed as the finest big-trout stream in the West.

## CENTERVILLE FOOD MOVING NEXT DOOR

Centerville Food Market, for 10 years at its present location on Main Street at Fremont, will move to new quarters next door in August.

The announcement came today from George Gong, owner of the market. Gong said a concrete-block building is being erected on a 56-foot frontage he owns, and that the new store will be augmented with a parking lot for more than 75 cars.

Centerville Food's present store occupies 4800 square feet in a building leased from A. G. Blanchard of San Jose. The new store will contain upwards of 7500 square feet.

No plans have been announced for Blanchard's building.

## RENEWAL OF LIQUOR LICENSES

James H. Quinn, local member of the State Board of Equalization, reminded holders of retail off-sale liquor licenses that they must renew their licenses by June 30, 1954. In addition to retailers who sell by the package, all classes of producing and distributing licenses must also be renewed at this time.

Mr. Quinn suggested that any licensee who has a problem in connection with renewal should get in touch with the nearest Board office before June 30.

## PASTORS OPPOSE SEPARATE YOUTH CENTERS HERE

Use of local school grounds for recreation instead of erection of separate youth centers was recommended last week by the Washington Township Ministerial Association.

Meeting under the presidency of the Rev. Arthur Freeman, Episcopal rector, the pastors declared in their resolution that separate recreation centers "may become centers of juvenile delinquency," unless strictly supervised.

The ministers also opposed any change in present State adoption laws to enable doctors and lawyers to place children in foster homes. They said they feared parents might be able to trace youngsters placed in this fashion, and that this might cause trouble for the foster parents.

## C'VILLE WANTS CLEANER STREETS

At Monday's meeting of the Centerville Chamber of Commerce, it was decided to have a letter written to the State Highways Department asking that the city streets be swept more often, as the increase in usage warrants it.

Gene Manning advised that a committee be formed to report on the industrial pamphlet discussed last week.

No action was taken on a letter from the Livermore Chamber of Commerce in reference to keeping Camp Parks as a permanent base.

## Thelma Jo Hamilton Engagement Announced

Mr. and Mrs. Calvin Hamilton, Mulberry street, Newark, have recently announced the engagement of their daughter, Thelma Jo, to Kennard Eugene Nelson of Sterling, Colorado.

Thelma Jo graduated from Washington Union High School last Sunday; her fiancé is in the Navy stationed at Alameda.

July 11 has been set for their wedding in the First Baptist Church in Niles.

Wine vinegar can be used for any purpose for which other vinegars are used.

OFF TO THE FAIR—Marylin Roberts gets her prize Angus ready for the Alameda County Fair that opens 14-day run at Pleasanton Monday, June 21. Livestock, agriculture, poultry, floriculture, art and homemaking displays, an historic parade Sunday, June 27, "Name" entertainment, fireworks, and 12 days of parimutuel horse racing, are highlights of California's First Major County Fair.

## Bids Opened For New Centerville School

The Board of Trustees of the Centerville Elementary School opened bids for grading and drainage at the Allen G. Norris School on Thornton Avenue.

Low bid of six submitted was that of H. H. Anderson, General Engineering Contractor, Hayward.

The Board of Trustees approved advertising for a new 73 passenger transit type school bus. Bids will be opened on July 6, 1954, at 8:00 p.m. at the Centerville Elementary School, 267 South Main Street, Centerville.

## Niles Man Polio Victim

William E. Garcia, Jr., Overacker Avenue, Niles, is undergoing therapy at Fairmont Hospital, Oakland, for polio that he contracted a month ago. He is able to come home on weekends.

While daddy was in the hospital, two-year-old Bobby fell and had eight stitches taken in his lip. The Garcia's have another son, Billy 6.

## AH, JUNE!

What is so rare as a day in June — or so unrare (and so beautiful) as a June bride. Which reminds us not only that June is with us once again but that the rush for marriage licenses is following the traditional trend.

Now getting married is similar to graduating from school, at least in one respect — it makes you a prime target for a lot of advice. And since everybody does it, (gives advice, that is,) we feel that our great wisdom should not be withheld from the eager ears of newlyweds.

A noted clergyman had this to say to every couple he married: "Now don't both of you get mad at the same time." To this might be added the suggestion to count 10— (100 is better) — before blowing your top. Try hard to be agreeable even if you don't feel that way and don't balloon little things into big issues. Marriage is a matter of give and take and you have to take some things you don't like as well as things you do.

Since many marriages break up over money it is well to keep your finances in order. Go neither to the extremes of extravagance or miserliness. Make it a point to save money from the very start and keep it up. Buy what household appliances and furniture you need but avoid excessive debt. Also don't "blow in" any savings you may have in order to make an impressive showing. Good judgment is just as essential in running a home as it is in a business, and it makes for greater happiness.

In the final analysis it takes heart, head and hands (love, wisdom, and work) to make a marriage go. If you can't or won't give of these unstintingly you'd better not make the leap.

## STUBBORN CUSS

The California voter is not one to be easily turned aside. That was proved in the June 8 balloting. If he likes a candidate he'll vote for him come personal scandal, charges of being a poor security risk or even death itself.

In Los Angeles, Jimmy Roosevelt walked off easily with the Democratic nomination for the 26th Congressional District even though he had recently been through one of the most sensational court cases on the calendar.

Equally successful in winning the Democratic nomination for the Sixth Congressional District (Contra Costa and Solano Counties) was Representative Robert L. Condon who was banned from Nevada atomic tests as a "poor security risk."

On top of that, the voters in San Francisco's 23rd Assembly District renominated William C. Berry to the Legislature even though Mr. Berry had been dead more than one month. Yes sir, the California voter is not easily turned aside.

## ABOVE THE LAW?

In his bold and open invitation to federal employees to pass secret information along to him not only in disobedience to the orders of President Eisenhower but in defiance of the Espionage Act as well, Senator McCarthy is treading on exceedingly dangerous ground.

Although he justifies this action on the contention that his only purpose is to protect the Nation and the Constitution it is difficult to see how things which are based on law and order can be defended by defying law and order.

Mr. McCarthy makes the mistake of assuming that no one else in government wants to get rid of subversives or knows how to do it. Yet, this work has been going on for years — and with considerable results — even if not all that could be desired. But however unaltered the previous administration in Washington may have been, the present regime is neither careless nor indifferent toward the problem.

Government employees can and should report facts or well-founded suspicions of subversion either to their superiors or the FBI. But there is no justification for the creation of a spy system under the personal control of a senator, especially if this is designed to encourage government employees to pass along classified information.

What is basically at issue is whether the three branches of government are to be maintained separate of one another as the Constitution provides or whether the executive branch is to be taken over by the junior senator from Wisconsin.

## GLENMOOR HUSKIES ENTER OAKS' YOUTH LEAGUE

Centerville has a hustling representative in the Charley Dressen League, cooperative youth-baseball effort programmed for this summer by the Oakland Oaks ball club.

The entry: the up-and-coming Glenmoor Huskies, sponsored by Glenmoor Homes, and coached by Gene Johnson, high school mentor.

Young WUHS players, beefed-up by a sprinkling of outside talent, make the Huskies a potent threat in the Dressen loop.

Some of the local baserunners include Claude Rodriguez, frosh-soph pitcher last season; Craig Eclati, first base; Jess Pineda, slugging third-baseman; Ed Meneze at the keystone sack; Eddie Fletcher, classy all-SCVAL shortstop; and Ed King, homerun monarch of the Orange-and-Black in 1963, more recently batting cleanup for the San Jose frosh.

Other players are Billy Waters, promising WUHS batsman; Tino Rangel, Albert and Arnold Hernandez, and two out-of-towners, Coach Johnson's younger brother Jim, a San Jose State star; and Dick White of Los Gatos, who plays catcher for the Hartnell nine.

The Huskies, along with several youthful Oakland teams, will use the Oaks' Stadium when the Coast League club is away. In addition, they will play on the home diamond, facing topnotch young aggregations from the East Bay. The Huskies also will get a chance to practice with the Oaks, and to pick up pointers.

In practice tilts, Claude Rodriguez helped turn back Sunnyvale Legion with a three-hitter, 8-2; and lost to San Pablo here, 3-6.

## FREEWAY JOB COUNTY PRIORITY

(Continued from Page 1)

Assemblyman Francis Dunn Jr. moved that the committee tell the Commission next month that Alameda County ought to get a larger share of taxes on the basis that it supplies the largest share of gasoline taxes of any county in Northern California.

But Bartlett countered that this might upset "a delicate situation." He refused to call a vote on the motion.

State Sen. Arthur Breed Jr. agreed. He said highway allocations now are based on an engineering "formula of deficiencies." If Dunn's suggestion were adopted, Breed said, it might mean that legislators from the mountain counties — who would then get practically nothing — would be alienated. Then Los Angeles, with its great voting strength would grab even more, the senator predicted.

Dunn finally withdrew his motion, with the comment: "I just want to see that we get 100 percent of our deficiencies under this formula — not 65 percent, when other counties get more than 200 percent."

The committee will present its case before the Highway Commission within a few weeks. At that time, representatives from Washington Township plan to be on hand to state their case for the Eastshore Freeway.

## Big Kindergarten

Early registration for the newly formed Mission San Jose kindergarten has revealed that about sixty future presidents have already enrolled. The girls are included in this chief executive category, because by 1980 . . . who knows!

## DeMolay Club Formed In Township

Institution of a DeMolay chapter in Washington Township this week awaited only the signing of 25 young men.

A DeMolay Club was formed here last week, and held its first meeting June 15 with Ronald Platt presiding at Masonic Temple, Centerville.

Richard Gillett was elected temporary master counselor.

Following the meeting, the Mothers Club served refreshments to some 20 boys who took part in the ceremonies, and to the sponsoring group.

Sponsors include Franklin Brown, Jacob Koelsch, Claude Roberts and E. C. Parks.

Boys between 14 and 21 are eligible to join. They are invited to the next meeting at the Temple on June 29.

## Graduation Parties

Graduation parties topped the list of social events over the week end.

Probably the largest party was that of Marlene Andrade, when 125 guests enjoyed the hospitality of her parents, Mr. and Mrs. Henry Andrade, at the "open house" at their home on Fair Ranch road, Alvarado.

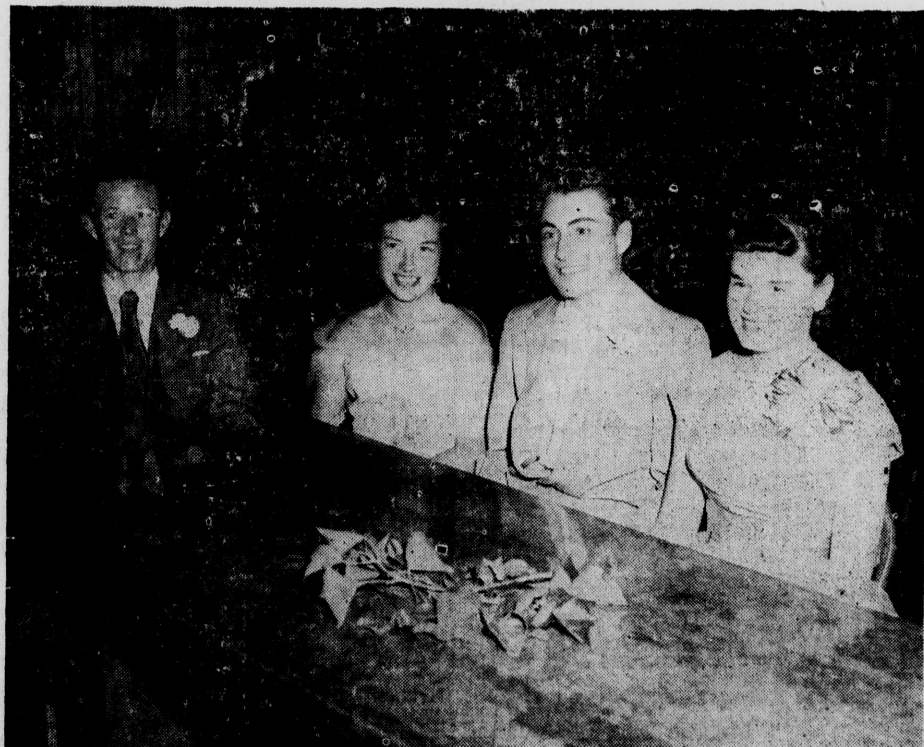

A crowd of friends shared the buffet lunch served on the patio of the VonEuw home in Centerville in honor of graduates Carl and Carlita.

Bud Dickerson entertained classmates at a dinner party at his home in Irvington.

Parties were given by Clarence Souza, Freddie Sanchez, Kathleen Burford, Nadine Millard, Arlene Silva and Leota Bayliss.

Alcatraz Island, federal penitentiary in San Francisco Bay, was first used as a prison in 1868.

**FUN AND FROLIC** — Graduating seniors of Washington Union High and their guests danced most of the night away in the school gymnasium to the music of Larry Cabral and his orchestra, and enjoyed gallons of punch and dozens of cookies (see above). In the lower right picture, Gordon Agrella is with his fiancée Carolyn Nobles, who is showing her brand new engagement ring to Chester Calderia, Kathy Oxborrow, and Dennis Moffet, who evidently ducked from the photographer. Carolyn was one of the seven girls who received engagement rings at the party. Lower left . . . Sitting one out are L. to R. Jim Fischer, Carolene Fischer, Larry Harris and Rowena Harrison. Light summery evening gowns, billowy skirts and white dinner jackets blended in perfectly with the beautifully decorated dance floor, with its multicolored streamers and trellised flowers.

## TOWNSHIP SHOPPER

New in Centerville, at 177 South Main, the **East Bay Floor Covering Company** is featuring washable rugs made of comfortable rubber. In six colors to match any flooring, they'll make ironing or dishwashing easier.

Not only can the **J. Rowlett Garden Supply** furnish you with a trailer and refrigerator truck when moving, but they'll rent any equipment necessary for improving your lawn or garden.

You've seen them nationally advertised, and now you can get a Gilead Bra-slip at the **Vee Dee Apparel Shop**, on South Main, in Centerville.

What a timesaver! That's the hamburger mold that makes either bun size or dinner size patties, without using wax paper. They are newly arrived at **Western Auto Store**, in Centerville, and cost only 98 cents.

Getting ready to move into their new store on Thornton Avenue, where they'll be known as the **Town and Country Home Furniture**, the **Newark Furniture Store** has a special sale of pictures, priced from 99 cents, up.

Stop in and see the attractive sun dresses and sun suits, in sizes up to 6X, at **Togs for Tots** in the Newark Shopping Center.

### Decoto Couple Engaged

A surprise engagement announcement was made to the forty or more friends invited to a recent party in Decoto given by Mr. and Mrs. Raymond Conklin. They told friends of the betrothal of their daughter, Francille to Russell Hays. The future bride and groom are both graduates of the 1953 class of Washington Union High School. Francine is presently employed at the International Kitchen. Wedding plans are still indefinite.

## Crispy Sandwich Stacks Make News

America's favorite "combination" sandwich, ham 'n cheese, has just made its appearance in a brand-new version that's loaded with nourishment and extra good flavor! It's a **Four-Decker Crispy Sandwich**, made with stacks of thin crispy crackers and slices of ham and sharp cheese, and topped with a snappy tomato sauce for that added flavor accent. Try this new sandwich success for your next springtime luncheon or informal Saturday night party. You can make a dozen or more at a time, without fuss or bother; and your guests will be delighted with the delicious—and different—taste-appeal of an old favorite.

**Four-Decker Crispy Sandwiches**  
24 small slices canned or cooked ham  
24 small slices sharp cheese  
64 Krispy crackers (less than 1/2 lb.)  
Tomato sauce

Separate the 64 crackers (packaged in box as 16 squares of 4 crackers each) into 32 rectangles of 2 crackers each, simply by breaking square through center. Start oven at 350°F. Place 8 of the 2-cracker rectangles in 2 rows on baking sheet. Put a slice of ham and a slice of cheese, both cut to fit size of double cracker, on top of each rectangle. Add another double cracker and another slice of ham and slice of cheese. Repeat, building up stack to four layers of double crackers, separated with ham and cheese slices. Place a narrow strip of cheese lengthwise on top cracker in each stack. Heat in oven about 10 to 15 minutes, or until cheese has melted slightly. Serve with snappy tomato sauce, seasoned to taste. Makes 8 sandwiches.

## Joseph Duarte, 88

### Dies At Hayward

Joseph Duarte, 88, died at a Hayward hospital, Friday June 18th. He was the father of Mrs. Ida Alameda and the brother of Mrs. Mary Carrey, both of Decoto, and Nicholas Duarte of Hayward. He was the grandfather of Mrs. Pearl Castro of Centerville.

He was a native of San Miguel, Azore Islands, and a member of the I.D.E.S. Lodge Council 14, San Jose.

Funeral services were held Tuesday at the Chapel of the Palms in Centerville. Following the services, Mass was said at Our Lady of the Holy Rosary Church in Decoto. Interment was at the Holy Sepulchre Cemetery in Hayward.

### Contest Winners

Winners in the recent Walter Connolly guessing contest were announced this week. They are Ralph Allen Sr., of Irvington, who won a General Electric television set; and Robert Avilla, of Niles, who won a GE clock-radio.

## Make a Hit with Rosy Rhubarb Pie

By Marie Gifford

It's love at first bite when you taste this mouth-watering, taste-tantalizing rosy rhubarb pie. But no matter how good the filling, a pie is only as good as its crust.

Tender, flaky pastry, beautifully browned, "like mother used to make," owes its success to lard. Because of its higher shortening power, only lard produces pastry with that rich flavor, superior flakiness and melt-in-the-mouth tenderness that make pie America's favorite dessert. And here's exactly the right recipe for your new-type star quality lard that needs no refrigeration. It's a beginner-proof route to pie success.

**Rhubarb Filling:** Mix together 1 1/2 cups sugar, 1/2 cup flour, and 1/2 teaspoon salt. Combine with 4 cups (1 pound) cut-up rhubarb.

### Five Minute, Never-Fail Pie Crust

2 cups unsifted all-purpose flour 1/4 cup lard (at room temperature)  
1 teaspoon salt 1/4 cup tap water

Measure flour without sifting. Then add salt and sift. Blend lard into flour with pastry blender or fingers until mixture resembles coarse meal. Sprinkle all the water over the dry ingredients. Press dough with knife until mixture holds together. Shape into two balls and roll out to 1/8 inch thickness on lightly floured board or pastry cloth. Fit bottom crust into 9-inch pie pan. Fill with rhubarb mixture and dot with 2 tablespoons of butter. Make lattice top by cutting remaining pastry into strips 1/2 inch wide. Starting with longest strip in center, crisscross strips to form a perfect lattice. Bake in 425°F. oven for 45 minutes or until crust is browned and rhubarb is tender. (Note: If frozen rhubarb is used, reduce sugar to 1 cup.)

## TOWNSHIP TOPICS

By HARRIET GITTINGS

This week's question: Are you planning to attend the Alameda County Fair? If so, what exhibit will you be most interested in seeing?

"Well, since I'm from Oklahoma I want to see the big bull from there. Naturally we're going to go, and so will a lot of folks from Oklahoma." Mrs. Helen Moore, 1250 Magnolia, Newark.

"If I go, I'd sure want to see the art and flower exhibits," Mrs. Rita Cunha, 159 Blacow Road, Centerville.

"The horseraces," Mrs. Lenny Alter, 123 James Street, Irvington.

"If I were attending the fair I'd be most interested in the projects people exhibit there," Mrs. Victor Potts, 586 Birch Street, Newark.

"I don't believe we will be going but if we were it would be the livestock most of all," M. G. Benson, 281 Cabrillo Drive, Centerville.

"I'll probably go if I'm not too busy, and I should be most interested in who wins first prize in strawberries," Ed Bettencourt, P.O. Box 233, Irvington.

"I like the fancy work, the embroidery and crochet exhibits, and the horse racing, of course," Mrs. Victor Sarmanto, Newark.

"I like the landscaping and things of that nature," Bud Rissman, 155 Pine Street, Centerville.

"I usually go. I like the paintings," Mrs. A. C. Hill, 760 First Street, Niles.

"The automatic kitchens," Mrs. R. K. Perrine, 2697 Mayhews Landing Road, Newark.

"The horse racing," Halton Lacy, General Delivery, Niles.

"I think I'd be more interested in the needle work, and things like

## Colorful Salmon-Cucumber Salad Plate ... A Fresh Spring Starter Dish

Crisp as the first Spring crocus, and as gaily colored! This refreshing salmon and cucumber salad has everything to pique family appetites. Goes easy on family budgets, too! The secret of its tangy flavor is in the generous sprinkling of Ac'cent added at mixing time. This "Third Shaker" brings out all the exciting, natural flavors of each ingredient. You'll paint your own Spring picture-on-a-platter, as delicate pink salmon contrasts with water cress or other salad greens, and pastel-colored melon ball garnishes.

### Salmon and Cucumber Salad

2 cups diced cucumber 1 tablespoon capers (optional)  
1 cup sliced celery 1/2 cup mayonnaise  
1 teaspoon Ac'cent\* 1/2 cup melon balls (fresh or quick-frozen)  
1 (1-pound can salmon) Celery Seed Dressing\*\*

Combine cucumber and celery; sprinkle with Ac'cent; toss well to mix. Let stand while preparing remaining ingredients and dressing. Flake salmon, removing skin and bones; add capers. Combine with cucumber mixture and mayonnaise. Serve on salad greens; garnish with melon balls. Serve dressing separately. Serves 4 to 6.

### Celery Seed Dressing

1/2 cup mayonnaise 1 teaspoon celery seed  
1/2 cup sour cream 1/4 teaspoon Ac'cent

Combine all ingredients; mix well.

\*Pure monosodium glutamate

## Graduates From Univ. of California

Betty Pacheco, daughter of Mr. and Mrs. Tony Pacheco of Niles, received a Bachelor of Arts degree at the 91st commencement exercises of the University of California, Friday, June 18.

Miss Pacheco is a member of Nu Sigma Psi scholastic honorary organization, and was elected to C Society and presented with the traditional blue blazer of the University. She is vice-president of the Physical Education Majors Professional Organization, member of the Women's Dormitory Council, and president of her living group.

She will return to the campus next fall to complete work for her general secondary teaching credential, and to begin studies toward a Master of Arts degree in history and physical education. She will also teach swimming at Oakland High School.

A party was held Saturday night at the Pacheco home in honor of the graduate. Guests were her grandparents, Mr. and Mrs. E. Pacheco of Niles; her roommate, Miss Margaret Cope of Sacramento; Mr. and Mrs. John Williams of Irvington; Thomas Silveira of Niles; Mr. and Mrs. Ernest Silva and daughter, Charlene; Mr. and Mrs. Joe Pacheco and son Joseph; Mr. and Mrs. Gene Serpa and Jimmy & Patsy; Mr. and Mrs. Joe Martin, Mr. and Mrs. Clifford Serpa and Donna and Judy; Miss Elaine Coelho; and Mrs. Harry Duarte and daughters, all of Hayward; and Mr. and Mrs. Louis Serpa and Mr. and Mrs. Al Lebon of Centerville.

## Picture Window Sheet Curtains

Isn't this an attractive make-it-yourself idea? These smart criss-cross curtains are made from a crisp comban percale sheet. They're shirred on double rods at the top and crossed tautly on six-inch rods at the bottom. According to The Cannon Homemaking Institute, a double-bed size sheet contains about seven square yards of material, so you see how economically two windows can be curtained in this way with one sheet!

## Gift Idea — Easy-To-Play Organ

In the days of "parlors," the old foot pump organ was the focal point of interest, and usually one member of the family could play it. Today's organ is hardy and versatile. It goes wherever there is an electric outlet—living room, den, patio or playroom—and everybody can play it, from tiny tots to grandpa, and drop-in guests. Electronics made the organ everyman's instrument, for electronics made the Chord organ possible—a desk-size instrument, with buttons on the left hand side that let you make full chords with one finger, and one foot pedal that brings in the right bass automatically. One finger of the right hand plays the melody, following either picture or standard music. Anyone who can follow a simple diagram can play beautiful music on the Chord organ in 30 minutes. For music in your home, and for that gift you plan to give for graduation, wedding or anniversary, consider the organ that gives everyone a "talent" for playing. You can see it and play it at your music store.

## Mars' Dessert for Two

Remember the days when you ordered a soda with two straws? Well here's the newest variation on that old idea. Mars' Dessert for Two—served in an over-size dish with two spoons.  
The recipe is a cross between a hot fudge sundae and a banana split... with just a little extra added. The best part is in the rich, sweet chocolate sauce. This sauce is the simplest of all to make. All you do is unwrap 2 Snickers candy bars and melt with milk in the top of a double boiler. All the good flavor found in the bar—when eaten out of hand—goes into this luscious dessert.

Mars' Dessert for Two is intended for anyone who has a sweet tooth—and who hasn't in this day and age.

**Mars' Dessert for Two**  
2 Snickers candy bars  
1 banana, peeled and sliced in half  
2 scoops ice cream  
2 tablespoons milk  
4 lady fingers, cut in half  
3 dabs of whipped cream  
Marshmallow cherries  
Melt Snickers and milk over boiling water. Set aside. Arrange banana in bottom of long glass. Place 2 scoops of ice cream on top of banana. Arrange lady fingers around sides of glass. Pour melted Snickers over ice cream and bananas. Top with a dab of whipped cream and cherries. Serves 2 in 1 dish.

## C'VILLE ZONING CONTINUED JULY 1

At Tuesday's hearing of the Planning Commission, zoning for Centerville was continued until July 1 at 10 a.m.

After receiving protests from Centerville property owners and businessmen, John J. Thomas, planning head, agreed to set up a joint meeting between the Planning Commission and the Board of Supervisors for June 30, to discuss veiled objections.

## Globetrotter

Donald Buehler II, son of the Lyle Buehlers, took off by plane Monday for the Hawaiian Islands. He will stay with his aunts and uncles, Mr. and Mrs. James Youd and their son Jimmie, and Mr. and Mrs. Francis Heath. He plans to be gone for most of the summer.

### AROUND TOWN

This is the time of the year fire departments are kept busy with grass fires. We can all make it a lot easier for them by taking a few simple precautions before doing the burning. Fire Chief Joe Pashote says that doing only two things before lighting the fire in the incinerator will help: first, have a water supply handy and second, place a screen over the top of the incinerator. It is also advisable to clear an area around the location and have a shovel handy.

We understand there are cities that require property owners to have grass on vacant property burned or otherwise removed. That appears to be a sensible approach to the problem and would bear investigation in this area because it would lessen the danger of property loss through grass fires. If we must burn, let's be careful and take the proper precautions.

The Alameda County Fire Chiefs Association Committee studying the proposed new Fire Code Ordinance met with its chairman Chief Joe Pashote at the Newark Fire Station last Friday night. The committee will ask for a conference with the District Attorney to clarify some sections before the ordinance is sent to the Board of Supervisors.

LAST THURSDAY WAS grad-

uation day and the class of 1954 received their diplomas and awards in an auditorium filled to capacity with family and friends. It certainly was a wonderful evening as the reception and dance completed the most important night in the graduates' young life. All the parents were justifiably proud of the boy or girl graduate from their family, because in truth, they all looked so handsome or beautiful and their actions were so gentlemanly or ladylike in their finest hour.

**LEROY TACANG'S VALE-**dictorian address was the finest our ears have ever heard and he certainly made his parents, his class and his school proud of him at the conclusion of his speech.

**THE CITIZENSHIP AWARD** was presented to Sherwood Astin who served as student body president last term by Miss Ramona Pringle, eighth grade teacher. Robert Lamp presented the traffic patrol awards to all the graduates who served the patrol faithfully during the year.

**SHERY ROSS**, salutatorian, and LeRoy Tacang, valedictorian, were presented the Kiwanis Student Achievement Awards as the outstanding girl and boy graduates. The presentation was made by G. B. Cotton president of the Newark Kiwanis Club.

**AFTER GRADUATION** many graduates and their families passed up the reception and dance at the school for home celebrations. JOE and CLARA FARIA honored their son LIONEL with open house for relatives and friends and then the same group changed to the home of CELESTINE and JENNIE MARKS to honor their daughter, VIRGINIA.

**MR. AND MRS. JOE MILANI** gave a party for AMELIA with a host of her relatives coming to honor the graduate.

**THEN WE FIND Mrs. Irma Brown** giving a party last Tuesday night to honor her daughter GEORGIA as she graduated from Alviso.

**MR. AND MRS. JACK Goulart** honored their son, ARTHUR with a party Sunday afternoon following his graduation from Washington High School.

WE SEE WHERE 23 residents

of our area have secured a restraining order that has stopped the Alameda County Water District pumping water from a well on the Joseph Soito farm on Haley Road. The 23 contend that the pumping has been responsible for the sinking water table, which, we hear has now noticeably improved.

New residents of our town may wonder why all the fuss about water and it seems a certainty that water will continue to be an issue. The greater increase in population, the greater the consumption of water supplied by the district. Due to our location, wells are not so much in danger of going dry as turning salty. Salty water, apparently, is no good to the Water District and it is apparently no good to the farmers either so here is where the fuss comes to pass: the Water District can move its well to another location but the farmers are stuck with a salty well and an arid farm. The preliminary hearing was scheduled for Wednesday June 23.

**LOS RANCHITOS** will soon be completely filled with neighbors and Smith and Peters will soon be going strong across Mayhews Landing at Thornton. Now that their first tract is practically completed we say it is attractive and well planned. Most of all we like the new people whose friendliness make them good neighbors.

**JUDY MARTIN** was thrilled to ride her pony "Honey" in the parade at the Livermore Rodeo and was tickled and proud when she was given a purple ribbon as a special award. That was really wonderful for a nine year old who thinks her pony is just the very best anyway.

**TONY MARTIN'S** horse Sirocco, chestnut with white mane and tail, was ridden by La Verne Soito in the same parade and was awarded third place in the silver mounted division. Johnny Pine rode Sirocco at the Mayfair Riders Rodeo in San Jose and won 4th in the best parade horse division. It seems the Martin family has two prize winning horses and one prize winning rider in Judy.

**JO ANN AND ME/2 WILLIAM** Chandler left for San Delgo on June 11 and will reside there until Bill receives orders else-

where. He is stationed on the USS R. B. Anderson.

**THE MARINERS CLUB** adjourned for the summer following their meeting June 9. Hostess for the last meeting were Bob and Judy Lunford and Leo and Marge Bohannon. The games were directed by Frank and Yvonne Gyax and Bob and Lillian Lloyd. Skippers Henry and Grace Lewis will welcome the club back again in September when the dinner will be cooked and served by the men.

**WE CERTAINLY** were thrilled with Gay's Fathers Day tribute in her essay contest paper, to say otherwise would be silly. We are very proud of her too; just as all parents are proud of their sons and daughters. Mr. and Mrs. Albert Hartmann of San Francisco (Jeanne's M & P) came to see their granddaughters Gay graduate and stayed a few days as our guests enjoying life in Newark and finding out why we like it here . . . and leaving us less time to write our column. We shall forgive them and welcome the interruption any time.

**SOMETIMES IT PAYS** to have a birthday or haven't you seen the shiny yellow and black 1954 Studebaker Leontine Costa is driving these days? Her ever loving Antony L. Costa presented her the keys on her birthday last Wednesday and she will come down from the clouds any day now. Mmmmm!

**BIRTHDAY REMIND** us that Fay's Apparel in the Shopping Center will soon be celebrating its 1st birthday . . . slightly ahead of the Varitey Store. Fay Hickman has given the gals some really attractive stylings at moderate prices during her first year and we certainly wish her and the store a happy anniversary.

**ONE STEP AHEAD** of everyone are the Arden Streeters who have been swimming regularly at Hidden Valley. We find Kay Kettman and daughters, Belle Haller and daughters, Elaine O'Connor and sons have been taking instructions and are ready to enjoy a swimful summer in the sun.

**VISITING WITH THE KEN** Fosters for a few days last weekend were Mr. and Mrs. John Foster and family of Sioux Falls, South Dakota. John Foster is Executive Secretary of the Medical Association of South Dakota and is here to attend the American Medical Association convention in San Francisco.

## READERS WRITE US

Editor, Sir:

This is in reply to the Alvarado Taxpayer who wrote you about the failure of our high school tax raise.

Dear Taxpayer: You are condemning the students for wanting something you didn't receive. You say "extensive gymnasiums". I wish you'd come to school some day and see 150 students trying to play games in one room. Remember, gyms build bodies.

This isn't the one-room school-house you went to. And if we didn't have good schools today, think where the United States would be. We're old enough to fight for our country, and if we do, we know it's for something that couldn't have been brought about without schools. Seems like its the ignorant people who cause wars.

Next year Washington students may be able to go to school only half a day, like Hayward High. They might have been able to have a full day's schooling, if you had voted "yes."

Relax in the privacy of a Pullman room.

Make going to  
**CHICAGO**  
the best part  
of your trip

**Next trip East**, try Southern Pacific's streamliner *City of San Francisco*. It's the fastest train — by hours — to Chicago. The *City* leaves San Francisco, Oakland and Sacramento at night and arrives Chicago the second morning. Saves a business day.

You'll love the *City's* extra features . . . Try the *City's* fine food, in Dining Car, or served in your room if you prefer. Eating on the train is half the fun of traveling. Try the hors d'oeuvres service in the Lounge or in your Pullman room. It adds a party touch when you get together with friends at the cocktail hour.

Try the *City's* comfortable Pullman beds. You'll sleep like a log. Try the *City's* shower bath . . . valet service.

Try the *City's* train-to-train baggage transfer service, if you're going beyond Chicago. Your bags will be in your Pullman accommodations when you go aboard

**Family Fares** are good on the *City of San Francisco*. Leave Monday, Tuesday or Wednesday and you can take your wife, or child age 12 through 21, along for half fare. Children from 5 through 11, ¼ fare. Under 5, free. Ask any S. P. agent for details.

the *Century*, *Broadway*, *Capitol Limited* or certain other popular trains.

In short, try the *City of San Francisco*. It's the fastest — and the finest — streamliner East. Complete choice of Pullman accommodations.

Or try the *City's* economical Chair Cars. Reserved seats and other special features for Chair Car passengers.

**Overland faster, too!** The *San Francisco Overland*, on this same route, has a new, faster schedule each way. Still shows you the High Sierra country by day.

## SUZY SEZ...

Mothers, it's not that Monday was the first day of vacation, it IS the longest day of the year!

A Decoto housewife has finally started locking her door, to slow down a neighbor who walks into her house unasked, day after day.

The bread strike has meant a lot of folks are "discovering" French bread. We've found it makes tasty French toast and will use more of it.

Back in the "good old days" our "sneak day" was just that. No one other than the students, knew exactly when it was going to be. Even our parents were seldom let in on the exact date, unless we had to.

Some Newark youngsters are still talking about the time they saw their neighbors on television. They're now referred to as the "t.v. stars".

Sight of the week was when a large delivery truck pushed a stalled auto by backing into it. (The front bumper was too high.)

If your children are like mine, the ones that are hardest to get up on school days are up at the first sign of daylight, during vacation.

A Centerville woman says she wishes a radio poll would call her, and then she'd ask her next-door neighbor what program she has on, they keep the volume so high on their set.

Would you say that the man who explodes so often has a dynamic personality?

## Dr. Shoemaker Weds Hayward Ballerina

Dr. Leon Shoemaker, Newark dentist, was married June 6 to Janet Patricia McKinnis of Hayward in Hayward Methodist church.

The pretty blonde bride, who is a professional ballet dancer, wore white taffeta over imported tulle in ballerina length. A crown of seed pearls secured the short veil. A velvet sash, flower-tipped, encircled her waist.

White taffeta and tulle made up the bouffant dresses of attendants. Pastel shades of pink, yellow and blue matched floral wreaths.

Dr. Ralph Price, of Palo Alto, was Shoemaker's best man, John McKinnis, brother of the bride, Raoul Pause and Ron Giridi were ushers.

The reception was held in the church hall, after which the couple left for a honeymoon to Lake Tahoe and Yosemite. They will live in Newark.

Dr. Shoemaker, who graduated from the University of California dental school in 1952, is a member of Delta Sigma Delta fraternity. He served in the First Marine Division in World War II.

## Centerville By Any Other Name Is Legal

If Centerville wants exclusive right to its name, the town may have to sue.

Last month, the local chamber of commerce wrote California Secretary of State Frank Jordan asking that no other town in California be permitted to use the name "Centerville."

Jordan replied this week, saying he is powerless to prevent hamlets from adopting the name if they want to. Said he:

"It might be possible for you to bring injunction proceedings, if you can prove confusion would result."

**GOOD NEWS  
FOR  
Homemakers**  
Anne Marshall

"What's for lunch, Mom?" That's a familiar query this season when outdoor activities sharpen appetites. A good way to make sure lunches at your house reach expectations is to keep a supply of lunch-eon-building foods on the kitchen shelf. Give top priority to condensed soups, for they are star performers in summer meals. They are quickly and easily prepared. They provide variety. And they give cool sandwich-salad meals a warm heart. Too, soups are well-liked and nourishing.

A good luncheon plan with soup is:

**Soup**  
**Salad or Sandwich**  
**Dessert Beverage**  
Imagination and "know-how" are needed to turn this plan into appetizing and nutritious meals. With cream soup have a meat or seafood salad and fruit for dessert. A vegetable soup tastes good with egg salad and pie or cake. With a meat soup select fruit salad and a cheese sandwich; then pudding for dessert. The beverage could be milk, or on a particularly sweltering day—iced tea or lemonade.

## PLANNERS APPROVE SMALLER LOTS IN ROEDING TRACT

Clearing the way for a \$2,500,000 residential development west of Niles, the County Planning Commission last week approved a request by George Roeding Jr. to reduce lot sizes in Adobe Acres.

Roeding, who recently sold 34 acres west of Rock Avenue to a Honolulu corporation, had asked minimum lots be cut from 10,000 square feet — as zoned last year — to 8000 square feet. He said this was necessary since the builders must get four lots to the acre, exclusive of streets.

No objections were registered at the meeting in Oakland. Now the change goes to the Supervisors. Roeding said after the meeting he expects work to start in the fall. The homes will sell for \$15,000 and up.

Zoning for the rest of Niles had been held in abeyance pending the change.

## To Live In Hawaii

Mr. and Mrs. Jack Gold of Newark have been honored by a series of bon voyage parties prior to their departure to the Hawaiian Islands. Mrs. George Hansen of Santa Clara and Mrs. Ben Clement were co-hostesses last Saturday at a dinner at the Hansen home, and on Sunday Jack's sister, Mrs. Anthony Brown of Centerville hosted the Golds and her father, Ernest Gold of Campbell.

The Golds will sail on the Lurline next Monday for Honolulu where they plan to make their home. Mrs. Gold has lived in the Islands before, but this will be his first visit. Pokey, the cat, is going along, but she will have to spend 120 days in quarantine, before being allowed to settle down in her new home.

## 'CAINE MUTINY' SET FOR S.F.

With an all-star cast of top-draw names from the entertainment world, producer Paul Gregory announces the return engagement to San Francisco of "The Caine Mutiny Court-Martial", Herman Wouk's stage dramatization of his own best-selling Pulitzer prize-winning novel, "The Caine Mutiny", at Randolph Hale's Alcazar Theatre on July 5.

Thousands of eager theatre-goers, who had to be turned away when "The Caine Mutiny Court-Martial" played San Francisco before, will now be given an opportunity to see this outstanding success of the American theatre.

The National Festival Company presentation assembled for this unusual theatrical offering is headed by a distinguished cast including Paul Douglas in the role of Captain Queeg, Wendell Corey as Lieutenant Greenwald, and Steve Brodie, playing Lieutenant Steve Maryk.

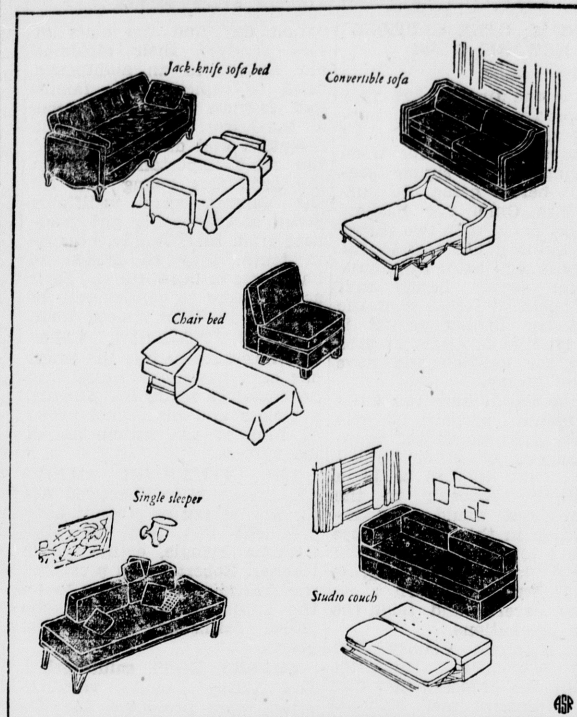

Staging and directing the return engagement of this masterpiece, which in novel form remained at the top or close to the top in national best-seller listings for nearly two years, said to be a record, is Charles Laughton, famed star of stage and screen, who has been associated with Paul Gregory in all their previous, fabulously successful ventures.

## Need An Extra Bedroom?

May is better bedding time, and your local dealers invite you to come in to see the latest developments in sleep equipment. You'll be particularly interested in the marked improvements in styling of double duty sofas.

Manufacturers have devoted more design talent and ingenuity to these items than ever before. Lovely to look at, easily operated and comfortable, today's double duty sofas are being shown in Contemporary, French Provincial, Early American and 18th Century—to enhance any decor.

Regardless of the space available, there are double duty sofas to fit. They vary from extra length sofas to love seats to chair beds. Some convert to twin beds—others to single, three-quarters, full size and even to king size. They're available with or without arms, with one arm and a back, with arms that drop back to seat level to extend the sleeping surface, or with bolsters. Many of them have ample storage compartments, while in others, the sheets and blankets may be left on when the bed is converted back to a sofa.

There are five basic types:

1. Convertible sofas which conceal a one-piece mattress, in either love seat or davenport width.
2. Jack-knife sofa beds in which the back of the sofa drops down level with the seat to form the sleeping surface.
3. Studio couches which convert into twin beds.
4. Single sleepers which are a refinement of the old daybed.
5. Chair beds—advisable for occasional use only due to width limitations.

## Charlotte Seward

Weds Darrell Kuhn

Charlotte Seward, daughter of the late Mr. and Mrs. John Seward of Newark, was married recently to Darrell Kuhn, son of Mr. and Mrs. Tod Kuhn of Woodland.

Red roses and snap dragons decorated the home of the bride's aunt and uncle, Mr. and Mrs. Ted Stice, El Sobrante, where the rites were performed, with Mr. Stice giving his niece in marriage. A reception for fifty guests followed the ceremony.

The bride wore a white suit and her corsage was of orchids. Her matron of honor, Mrs. Roberta Wilson of El Sobrante, was dressed in aqua and carried an orchid corsage. Warren Tillson of Sacramento served as best man.

After a honeymoon up the California coast the young couple are at home in Oakland.

Charlotte attended Washington Union High School. Darrell served as a corporal in the army in Korea.

## Hot-Water Heating Systems Made for No-Basement House

Two new hot-water heating systems have been especially developed to provide comfortably warm, draft-free floors in basementless homes and in homes with large window areas. The systems are floor or ceiling panel heating and baseboard radiation.

Writing in American Builder magazine, Warren S. Harris, research professor of mechanical engineering, University of Illinois, explains that one way to establish the "degree of comfort which American people expect" in today's ranch-type house is to place hot-water heating pipes in floors.

A similar panel heating method involves embedding heating pipes in plaster ceilings. This system radiates heat down to maintain a floor temperature warmer than the temperature of the air.

Some of the other advantages of panel heating are that it is out of sight, clean in operation, and provides uniform air temperatures throughout the heated space, Mr. Harris adds.

Disadvantages he describes in-

clude the fact that heating coils are inaccessible, making repair difficult if a leak should occur. Also, in houses having very large glass areas floor drafts may not entirely be prevented. Another limitation is that the system may be slow in responding to changes in the amount of heat required.

Baseboard radiation, the second new heating system, consists of long, low units roughly approximating the conventional wooden baseboard in size and appearance. The units are designed so that hot water or steam can be circulated through them, Mr. Harris explains.

He says the baseboard system is popular because it not only warms the air near the floor, but also the floor itself.

Other advantages he lists in American Builder include general appearance, economical installation and operation, and the fact that baseboards do not interfere with furniture placement. Because the units are located along outside walls and under glass areas, the principal source of cold drafts is eliminated, he adds.

## WARM SPRINGS :

By IRMA MARKS

Installation of officers for the Warm Springs Benevolent Society was held on June 22.

New officers for 1954-55 are: President, Mrs. Agusta Borba; vice-president, Julia Nunes; secretary, Emily Bettencourt; treasurer, Emma Vargas; past-president, Emily Serpa; master of ceremonies, Frank Serpa Jr.; marshal, Mrs. Marie Pedro; trustees, Florence Brazil, Frank Fariea, and Frank Leal. Delegates to the State Convention to be held in Santa Maria August 7 to 11 are Mrs. Lena Vargas, Agusta Borba, alternates, Frank Serpa Jr., and Emily Serpa.

On June 12, 38 members of S.P.R.S.I. Warm Springs Council 84 and members from neighboring councils attended a luncheon at the International Kitchen to honor their treasurer, Flossie Leal, for her faithful service of the past 25 years. The tables were adorned with carnations of the various colors while silver decorated favors made by Mrs. Lena Vargas added much glitter. Olympia Furtado, grand vice-president was speaker of the day. Community singing featured Mrs. Palmeda Madena at the piano and Mrs. Florence Brazil and her violin.

Graduation party for Clyde Marks of Prune Avenue was held at the home of his parents, Mr. and Mrs. Frank Marks. Forty-four friends and relations were guests. Clyde was showered with many gifts, especially that green stuff which will come in handy next year at Junior College.

Farewell, George Clary was presented with a farewell gift by the Warm Springs P.T.A. Clary is leaving to become district superintendent of the Pollock Pines School up North. He has been principal at Warm Springs for the past two years and vice-president of the local unit.

Warm Springs Women's Club held their meeting on Tuesday last with very good attendance. Refreshment committee was Dorothy Kato, Mrs. Richards and Irma Marks.

Students of the Warm Springs School with the consent of their parents and accompanied by teachers visited Fleischacker Zoo on Tuesday.

Frank Escobar of Prune spent the weekend of last week on a fishing trip at Cayucas. While there he visited with Bronie Bettencourt formerly of Prune Avenue.

My get well wish to whoever you are, wherever you are, from your friend Irma.

P.S. Congratulations to all the graduates of Washington Union High.

## SWEDISH STARLET

Inga Brita is the latest European skater to join the list of Continental stars with Shipstads and Johnson Ice Follies of 1954. Miss Brita hails from Orebro, Sweden and studied ballet for three years at the famous Sadler's Wells, as well as appearing in several big London ice productions. "Just Pretending" is the title of her solo number in the new and enlarged 18th edition, which is a "terrific" hit everywhere.

## APRICOT HARVEST SEEN BY JULY 6

Washington Township's annual golden harvest — apricots — is scheduled to start about July 6, it was estimated today.

Morris O'Brien, manager for Centerville's big F. E. Booth cannery, said he expects to start receiving the 'cots about that date. O'Brien said he did not believe the apricots were harmed by recent rain and cold weather.

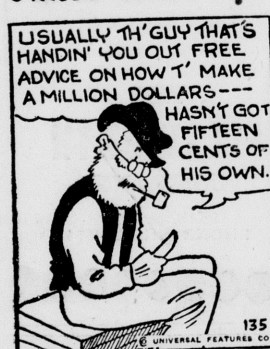

O'Brien made no estimate on the probable apricot crop.

He disclosed F. E. Booth & Co. ran a three-day trial on canning Shasta County potatoes last month, marking the first time the local cannery had tried using the "spuds." No result of the experiment was disclosed, but O'Brien said if it proves successful canning potatoes may become a regular item here.

## CAROLLING AROUND NEWARK

(Continued from Page 9)

Gaunt are settled in Baltimore, Maryland now and will stay there until the Army decides he is needed elsewhere. Jack isn't as famous as another Army private they wrote a song about "Schine on Army Mule," but he is valuable enough to qualify for some special schooling.

**OUR CONGRATULATIONS** to Ramona Pringle, eighth grade teacher, who recently wed Edward Bock of Oakland. Newark loses a fine teacher and lady as they will reside in Reno where her husband will attend the University of Nevada.

**SHORTIE GREETINGS** are being dispatched and the dots and dashes bring happy birthday days to ROWENA HARRISON as she celebrated last Sunday being a year older... to MERVIN MILANI who celebrated "civilian style" this year on Wednesday... to JOHNNY MONTERO on his fifth birthday yesterday... to TOMMY PHIPPEN who is 14 today and looking forward to High school...

to GREGORY O'CONNOR who celebrated his sixth birthday with cake and ice cream with his neighborhood friends last Thursday... to GAIL MACIEL who was a sweet one on Monday and is a sweet one every day... to BRUCE CALDEIRA who will be two this Sunday... to MIKE KING who will celebrate his sixth birthday on the 27th... to BETTEJE JEAN MCGLOSSON who will be seventeen Sunday.

**FATHERS WERE KINGS** for a day last Sunday and we see Al and Rose Selinger and family of San Francisco and Louis Klein of Centerville were Sunday guests of the George Lathams.

**SUNDAY, JUNE 27** is the big Cub Scout picnic at Alum Rock in San Jose. There will be lots of games, prizes and fun for all the Cubs and their parents. Each Cub must be accompanied by at least one parent and Cubmaster Gary Armstrong hopes to see a 100 percent turnout as this takes the place of meeting.

**THIS IS PICNIC** time and we find Mr. and Mrs. Roy Eacret of Niles, Mrs. Helen Kaehler and Mr. and Mrs. Harold Wright of Newark went up to Martinez for the parade and ham dinner given by the Cherokee Tribe of Redmen. As long as they were that far, why not drive up Mt. Diablo? They did... and it was freezing.

The next Sunday found the Eacrets, Mrs. Pat Marin and children, Mrs. Helen Kaehler, Mrs. Marie Wright and son Ronald at the Redmens Park at Santa Cruz.

**NEWARK WILL SOON** be losing Kenneth and Louise Spence and their fine family, Katharine, Kenneth and Barbara. They are returning "back home" to Manakota, Minnesota and Newark will miss their smiling faces. Good luck and happy days.

**SATURDAY NIGHT** found Dave and Evelyn Hobbs welcoming many friends and relatives to their new home on Mayhews Landing for a housewarming party. Even fast building seems slow when you watch a home grow board by board and when it finally comes time to move in, a celebration is in order.

**WE SEND ALONG HAPPY** anniversary congratulations to CARL and LENA SCHULER as the celebrated last week... to CARL and PAT PIERCE who tied the knot six years ago come Sunday, June 20... to JIM and RUTH SPENCE as they count the blessings thirteen years have brought them on Tuesday, June 22... to EVERETT and NORMA GAUNT as they recall the events that have brought them so much happiness during the 35 years since they said "I do" on June 25, 1919... to MERLE and LILLIAN McDERMOTT as they look back on the happy June 26 fourteen years ago when they exchanged vows.

**MAUDIE MCGLOSSON** has joined the staff at Mission Road Sanitarium as a practical nurse... good luck... nursing is one field that is continually understaffed and

yet is so necessary it is always good to hear of another recruit. **MR. AND MRS. CLARENCE** Stewart and children spent a weeks vacation fishing at the Russian River. It is the time of year the Russian River is a lure to the vacationist... and not just the fisherman... it's a long river.

The Recreation District Pet and Bike parade last Saturday morning was a success and the children were all proud of their entries, some of which were really original. The most difficult job of judging the entries was done by Mrs. Sherwood Astin, Mrs. V. O. Kahler, and John Foster.

Results included:

Boys Bike: 1. Bobby Guerrero, 2. Randy Blazin, 3. Bobby Ligon. Girls Bike: 1. Geraldine Carpenter, 2. Shirley Burch, 3. Shelby Rice.

Tricycles: 1. Terry Timmerman, 2. Claudia Blazin, 3. Danny Hughes.

Best Cub Den Pet Float entry was Den 3.

Best Brownie Pet Float entry was Brownie Troop 123.

Best Individual Float: 1. Judy and Linda Lloyd 2. Gary Spears and Maryann McDermott. 3. Sandra McCullough and Rene Jean Mendes.

Funniest Single Individual: 1. Willard Walker, 2. Julia Huizar, 3. Rosalie Gonzales.

Funniest Group: 1. N.Y. Yankees of 1964, Jimmy Nevis, Don Tackett, Jessie Loya and Craig Rice.

2. Horse with three riders, Glen and Greg Neves, Gary Carroll.

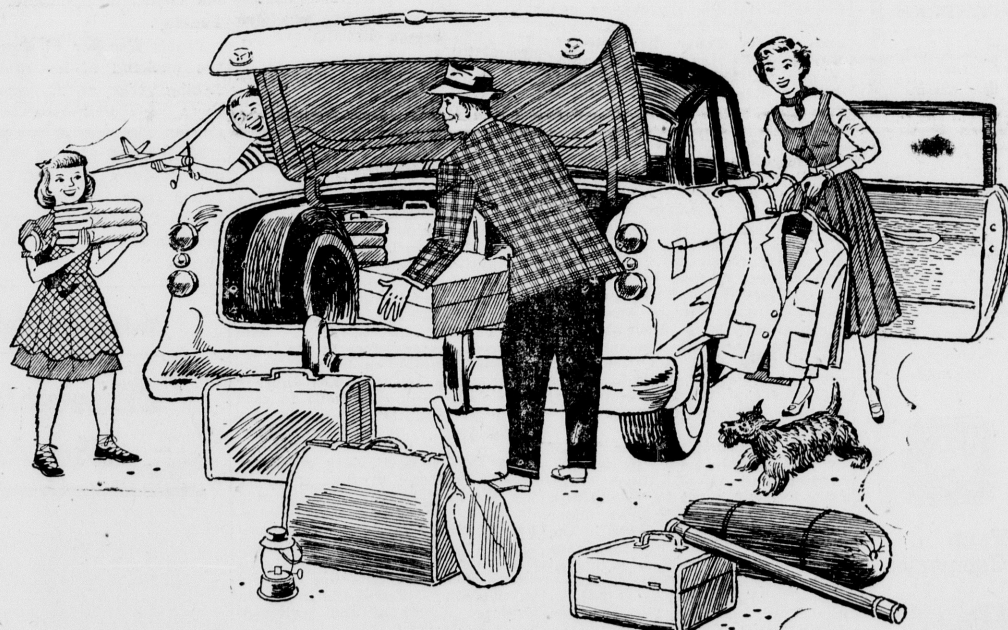

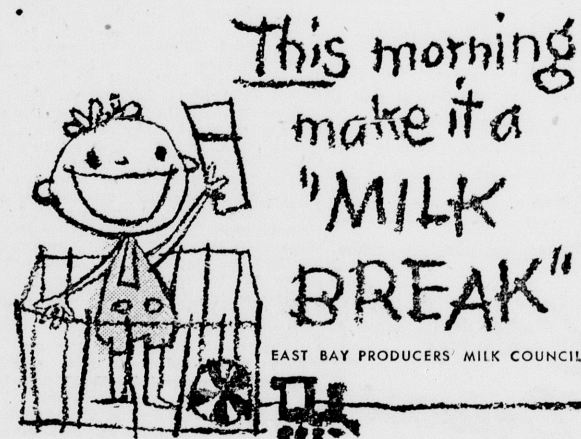

3. Daisy Mae Rabbitt, Evelyn Armstrong and Christine Carroll. Best Pet entry girls: 1. Lillian Armstrong, 2. Janice Lewis, 3. Shirley and Jimmie Kaye Barks.

Best Pet entry boys: 1. James Scott, 2. Steven Neves, 3. Richard Robertson.

All the winners were given ribbons and the disappointed youngsters will try all the harder next time, and there surley will be a next time because everyone loves a parade.

**THIS'N THAT** we see Doyle Correia doing his daily stint as a lifeguard at Elderberry now that school is out... time is running out on the anniversary month sale at the Pharmacy so we better keep busy signing slips for the free drawing on the 24 in. Motorola TV June 30... what was it we heard Barbara Allen say the other day? Oh yes, courtship makes a man spoon while matrimony makes a man fork over.

There's nothing like a good cup of coffee to make all seem right with the world. The high price coffee market need not keep you from enjoying your favorite beverage when a 100% pure instant coffee like Nescafé saves you 25 cents per pound and more, over ground coffee. The reason for this saving is that scientific brewing makes more cups of coffee from a pound of coffee beans than could be produced by home brewing with ground coffee.

A little tip about serving Nescafé at home will help to make the most of its quality blend of coffees. Make in a server that has a cover, and keep the coffee covered for a few seconds before you pour it. This seems to develop the flavor and aroma.

#### Individual Coffee Cakes

Quick to Make

What to serve with that delicious cup of instant coffee? Individual coffee cakes warm from the oven with steaming cups of economical Nescafé, and you will have a wonderful snack or dessert.

#### Individual Coffee Cakes

(Makes 6)

Cakes  
2 cups biscuit mix  
1/2 cup sugar  
2 tablespoons melted shortening  
1 egg  
3/4 cup milk

Combine all ingredients, stirring only until dry ingredients are dampened (batter will be lumpy). Spoon into well-greased individual pie pans. Sprinkle with topping mixture. Bake in hot oven, 400°F. 18 to 20 minutes.

Topping  
2 teaspoons cinnamon  
2 teaspoons Nescafé (dry)  
1/4 cup sugar  
2 tablespoons biscuit mix  
2 tablespoons soft butter

Combine all ingredients; blend with a fork until crumbly.

## MARKET TO RISE IN GLENMOOR TRACT AS FIRST UNIT OF NEW CENTER

The first unit of Washington Township's first subdivision shopping center, a supermarket, is under construction next week in Glenmoor Gardens, following groundbreaking ceremonies last Friday.

Elmer Hanan, owner of the "U-Save-Center" in Berkeley will operate the market which will handle foods, meat and dairy products. Until the other units of the shopping center are occupied, a limited supply of variety goods and drugs will also be available.

The market will be 80 by 160 feet, about one-fourth of the entire shopping center which is to be located on Glenmoor Drive between Mattos and Eggers Drives. The first unit of the parking lot will accommodate about 100 cars.

It is expected that the market will be open for business by September 15, according to James Meyer, president of Glenmoor

Homes, Inc. Meyer now has land for 1400 homes or more, he said today. Seventy are under construction and 250 have been completed.

Bids for the first half of a 14-classroom school in the subdivision are expected to be advertised in October.

### John Araujo Weds Redwood City Girl

An engagement announced on Christmas of 1953 was culminated at the altar of St. Pius Catholic Church in Woodside on Saturday, June 12. The ceremonies joined in marriage and Mrs. Joseph Leonard of Redwood City and John Joseph Araujo, son of Mr. and Mrs. Louis Araujo of Elm street, Newark.

The bride wore a semi formal gown of frosted net over satin and a short veil. She carried a bouquet of carnations as she was given in marriage by her father.

Miss Joyce Silva of San Carlos was maid of honor and best man duties were performed by the groom's brother, Joe Araujo.

Following the reception at the Leonard home the young couple departed for Carmel for their honeymoon. They will return to reside in Redwood City.

## SUZY SEZ...

When her husband is lucky at poker, a Centerville woman can be seen buying groceries with hands-full of pennies.

Going on a Picnic? Put the gelatine dessert in paper cups.

Another picnic idea: Put a slot in both ends of a plastic table cloth, insert curtain rods, and they'll stay flat, and roll up for easy storage.

One Township woman has hit upon the idea of calling her husband to the phone when he gets too involved in conversations at meal times. Guess who?

One advantage of the old ice-box I'd forgotten about is that it's not necessary to cover foods stored inside.

Strange tales from the garbage men include the sight of folks searching for lost items ranging from silverware to heirloom china in the garbage.

Along with the teachers, I bet the happiest people to see school get out are the bus drivers who put up with our kids each day.

We can always tell what kind of a day he's had by the way the man of the family slams the car door and comes into the house. We tread softly on one of "those" days.

Mothers! Please don't let your children just run loose this summer. There are too many chances for serious trouble involving an unattended child, and not all the evil people live in the city.

So long . . .

## CIVIL SERVICE EXAM DEADLINE SET

In connection with California's highway building program, the State Personnel Board has scheduled a civil service examination for assistant right of way agents with the Division of Highways. Applications will be accepted until July 2.

The state wants men with two years' experience in the acquisition of lands and rights of way or three years in the transfer and sale of real property, right of way engineering work or in title examining. General real estate experience is not considered qualifying, the board said. Salary range is \$395-\$481 monthly.

July 2 is also the final application date for assistant transportation representative, which pays \$395-\$481. The position, with the Public Utilities Commission, requires knowledge of statutes and rates and at least three years' experience in traffic or transportation work.

Other examinations with a July 2 deadline are for assistant and associate bridge engineers at \$415-\$505 and \$505-\$613 respectively.

Official application forms and additional information may be obtained at personnel board offices in Sacramento, San Francisco and Los Angeles and at all offices of the Department of Employment.

## Suspect Held In Niles Burglary

Joseph Gerber of 5th Street, Decoto, and Wayne Patterson pleaded guilty to charge of robbery in Judge E. A. Quaresma's court on Tuesday.

Gerber and Patterson were involved in the \$65 burglary in which a service station window was smashed and the drawer from the cash register removed. Deputies Tom Bunting and Ed Chambers spotted the intruder as they were on routine patrol and gave chase.

The suspect fled in a car, which he abandoned on Hillview Drive, Niles, fleeing afoot.

Gerber was later arrested hitch hiking on the highway
